## TONIGHT'S CONCERT IS FINALE FOR MRS. EYPPER

The appearance of the elementary band at the Telstar Junior High Music Groups Concert tonight (May 16) at 7:30, will be the final public performance of a group under the direction of Mrs. Edith Eypper. She is retiring at the close of the current school year.

Mrs. Eypper has been involved with elementary school music in the area since 1938. Teaching music two days a week in the Bethel village schools until 1964, she taught two and a half days a week in Bethel until the next year when she became supervisor of elementary music in the newly formed S.A.D. 44.

Over the years performances of her groups have been highlights of the spring season.

Following graduation from Texas Christian University, she taught music in Fort Worth, Tex., from 1932 to 1940.

Active in community affairs, she has been president of the PTA; worked for the Dollars for Scholars program, as well as musicals put on in the community. She also served on the Bethel School Committee.

She has two sons: Charles, of West Berlin, Germany; and George, a pre-med student at the University of Vermont.

## S. A. D. #44 SCHOOLS CLOSED TOMORROW — WORKSHOP

Parents of S. A. D. #44 are reminded that schools will be closed tomorrow, Friday, May 17, in order that the teaching staff may participate in a full day workshop on "Learning Disabilities".

Interested persons are invited to join in on the day's activities which will cover a variety of topics related to LD #963 (Learning Disabilities Law) and its impact on the children in S. A. D. #44.

The keynote speaker, Dave Stockford, Consultant for exceptional children, State Dept. of Education, will begin the day's activities at 9:00 a. m. in Telstar's Auditorium.

## SENIOR CITIZENS OBSERVE 12th ANNIVERSARY TUESDAY

Beautiful Spring's late arrival was greeted by a hale and happy group of Seniors.

Sunday River Inn spread the red carpet for the honored guests on Tuesday, 65 of them who came to celebrate the twelfth anniversary. Seniors from Brownfield, Fryeburg, Derry, N. H., and surrounding towns were welcomed by President Sarah Stevens. Joan Coolidge served as secretary in absence of Adeline Dexter.

Roll call of first meeting in 1962 received a dozen responses. Tribute and gratitude to the organizers, Emily Saunders and the late Eva Bean were spoken.

Discussion and reports revealed that the finances are modest and sound; membership encouraging and that a delightful program of events and trips is in immediate store for the Seniors.

Following a delicious luncheon in sunny and spacious dining rooms, Emma and Dave Thompson gave a timely report of their trip to the Holy Land. Specimens of crafts, coins and photographs were displayed and enjoyed. Mr. and Mrs. Thompson learned of this tour, Development of Christianity, through the Christian Science Monitor.

Being a Senior has many compensations.

## COMMENTS FROM THE TOWN MANAGER'S OFFICE

We have been officially notified the town dump must close operations prior to July 1, 1975. Preliminary plans for an alternate solution must be filed by July 1, 1974 with final plans submitted by Oct. 1, 1974. The Planning Board and Selectmen have some serious decisions to make in the near future. There will have to be at least one special town meeting to implement any plan. We have no funds appropriated for capital expenditures.

A workshop was held here in Bethel Tuesday night on the new law pertaining to the staggered registration of automobiles. There were 23 in attendance from Bethel and surrounding municipalities. This law is very confusing and will be difficult to explain to the average person. One major change is there will be no 1/2 fee for excise and registration Sept. 1. It will now be Nov. 1 before that will be available, also new plates cannot be displayed Christmas Day as in the past. Automobiles must wait until Feb. 1 before using a new registration.

Commencing with the 1975 registration an owner of an automobile will pay excise tax and registration fees for periods ranging from 10 to 18 months depending on the last digit or letter on his license plate.

Commercial vehicles will be handled somewhat as is being done presently although there are a few changes pertaining to them.

## HEALTH COUNCIL TO DISCUSS CLINIC AT MAY 23 MEETING

—LABAN NOW CHAIRMAN

The Bethel Health and Services Council, now chaired by John Laban of Northwest Bethel Road, continues feasibility and advisability studies of the proposed satellite health clinic for Bethel area residents. As part of the study, they have invited Steve Rowan of the Tri-County Health Association to discuss the pros and cons of such a clinic as well as the method of promoting the same. He will appear at the Casco Bank Function Room, on Thursday, May 23 at 7 p. m. Anyone interested in joining and assisting the Council will be welcome.

The Council's corporate structure has been streamlined to act effectively and quickly in matters of this kind. The new Board of Trustees is empowered to act for the corporation. The Trustees are: Laban, Polly Applin, Tom Caton, Elwyn Dickey, Barbara Douglass, Frances Gunther and Jan Swell.

According to Laban, some of the matters to be considered by the Board are availability of suitable facilities, or land on which to build such a facility; staffing the clinic with well trained para professionals; as well as management and administration of the facilities and staff.

Personnel of a clinic of the type under consideration by the Council would not be permitted to function legally, without direct association with and supervision by a licensed medical practitioner and an accredited hospital. To date, only the Stephens Memorial Hospital has shown interest in such an enterprise.

According to Laban, the Health Council has adopted, and intends to implement a policy of keeping the public informed.

## FLANDERS FLOWER ... THE PUREST POPPY

Wild poppies "blooming between the crosses, row on row" in the battle cemeteries of France and Belgium in 1918 constituted nature's tribute to the war dead. Since that time, replicas of the poppy have become a symbol of remembrance for all those giving their lives in defense of America.

Members of our Bethel Unit of the American Legion Auxiliary are asking that we wear a memorial flower on Poppy Days set for May 17-18. By wearing a poppy on those days, all thoughtful citizens have an opportunity for a simple but sincere tribute to those who have made the supreme sacrifice in behalf of our nation. Contributions made on those days go entirely to aid war victims of the war and the children of our war dead.

Members of the Bethel Girl Scouts troops will be doing the "Poppy All in One" with poppy distribution this year.

Dr. and Mrs. John Treadwell have returned home after visiting in Spain and Morocco the past week. Golf and sight seeing were enjoyed very much.

Middle Intervale Cemetery Association will have their clean up meeting on May 18 in the fore noon. If rainy, the following Saturday.

## CURATOR APPOINTED FOR MOSES MASON MUSEUM

Stanley Howe, son of Mr. and Mrs. Rodney Howe of East Bethel, has been appointed curator of the museum and restored Moses Mason House and will take up his duties early next week. Stanley, 30, is unmarried and at the present time is a candidate for a Ph.D. at the University of Maine, Orono, and expects to attain that degree this summer. He graduated from Gould Academy in 1962, gained a B. S. degree at Gorham State College in 1966 and a Masters degree at the University of Connecticut in 1967. In addition to these studies he has held the post of teaching assistant on the Orono Campus from 1968 to 1970 and on the Augusta campus in 1970. He was awarded the New England Atlantic Provinces Fellowship and the C. D. Howe Memorial Fellowship in 1971-72. His professional memberships include the American Historical Association, Organization of American Historians, Canadian Historical Association, American Association of University Professors.

The Trustees of the Bethel Historical Society met on Monday of this week and appointed Stanley to the position. They were highly pleased at being able to find a candidate so well qualified, and particularly someone from this area whose forebears were Bethel people, back several generations. This means that the new Curator as well as being professionally qualified, will bring to the position a personal interest which will do much to establish the Moses Mason House and Museum as unique and as an institution of which Bethel citizens may well be proud.

On May 18 Floribel Haines, Sue Fiske and Kathy Newell will accompany the new Curator to Naples, Maine, to attend a workshop having to do with the management of small museums and sponsored by the Association of Maine Historical Societies.

In response to a plea in last week's "Citizen," Mrs. Agnes Haines has come up with a pair of side rails for the four poster bed, thus solving for the Furnishings Committee one of the many problems inevitably connected with providing a respectable showing when the House and Museum are open to the public.

A correction is in order and an apology due to Lee Mills who donated the pair of pre-Civil War andirons mentioned on April 25 as having been given by John Mills.

## SPECIAL COMMUNICATION OF BETHEL LODGE MAY 21

There will be a special communication of Bethel Lodge #97 next Thursday evening, May 23, at 7:30 p. m. This meeting will be held for the purpose of conferring the Master Mason's degree on one candidate. A banquet will be served at 6:30 p. m. prior to the special meeting. All Master Masons are urged to attend.

## TENTATIVE PLANS FOR REGISTERING 18-YEAR-OLDS AT TELSTAR FORMULATED

Pursuant to the suggestion of the  
S. A. D. 44 board of directors, Wal-  
ter Cherry met with Messrs. Brian  
Flynn and Richard McCann at Tel-  
star Regional High School to formu-  
late a plan which it is hoped, will  
encourage 18 year old students to  
register and vote.

The three have agreed that the  
students themselves should manage  
the strictly non-partisan affair, with  
a minimum of assistance from out-  
side their group. Mr. McCann will  
select five interested students to  
obtain registration and enrollment  
cards from each of the townships in  
the District. The same students will  
return completed cards to the re-  
spective Town Clerks.

According to Messrs. Flynn and  
McCann, all students have been  
taught the essentials of the Amer-  
ican elective process, including  
the desirability of voting. However,  
one or two additional students will  
be selected to deliver a brief talk or  
talks on the merits and desirability  
of registering, enrolling and voting  
at the upcoming June 11 primaries.  
Interested parents will be invited to  
witness the affair.

The services of two Notaries Pub-  
lic have been obtained to complete  
the registration and enrollment pro-  
cess during free periods the remain-  
der of the day.

If acceptable to the S. A. D. #44  
Directors, the program will be car-  
ried out on Tuesday, May 28.

# Now, \$ Casco's New "Nestegg Savings" Option makes "Money-Manager" Even Better

"Money-Manager", the package money  
management plan from Casco, is already probably  
their single most successful combination of  
services. It gives you free checking with no  
minimum balance, an account for temporary  
savings and a loan account that lets you bor-  
row at about half the cost of what many banks  
would charge.

When you add Casco's new "Nestegg Sav-  
ings" option, "Money-Manager" becomes even  
more attractive than before. It allows you to  
finally build a more permanent savings nest-  
egg, hopefully paying you more interest in the  
process, and guarantees to reduce even fur-  
ther "Money-Manager's" already amazingly  
low finance charge.

Come into any office of the bank that's  
always thinking and pick up a folder that gives  
you all the details. Find out if you qualify  
from an income and credit standpoint for  
Casco's new "Money-Manager plus Nestegg  
Savings". It could make a lot of sense for you.

## 150 YEAR OLD MAINE FARM

The setting sun over the mountain shines on your porch.  
The morning sun warms your back as you work the fertile  
land.

**THE HOMESTEAD WE CAN DESCRIBE.** The farm style  
home is 150 years old, has a large old fashioned kitchen  
and pantry, dining room, living room and small den on the  
first floor. Upstairs there are three bedrooms. No bath-  
room at present but an abundant supply of gravity fed  
water from your well on the hill above the house. It's  
heated as Grandfather did with wood stoves. However,  
central heat would be installed with ease since there's a  
nice cellar . . . also a wood shed attached.

**THE BARN WE CAN DESCRIBE.** It's large and in need  
of only minor repairs.

**THE LAND WE CAN DESCRIBE.** There's about five  
acres of mostly rolling fields . . . all at the end of a good  
year round dirt road.

**THE VIEW ON THE OTHER HAND** of rolling country  
side and distant mountains is beyond description . . .

## BETHEL HEAD START

Well, another two weeks has gone by, where does the time go. Maybe it's because we've all been so busy. We've had a lot of field trips and are planning a few more.

Last week we went on a picnic to Lynda Haegle's in Newry and had a cook out. Thank you Lynda for having us.

We went to the Bumpus mine in Albany and everyone brought back some pretty rocks. Special thanks to Bunny Kimball for taking us.

We are planning a trip to Perham's in West Paris so the children can see what some stones look like after they leave the mines.

Some of the children have had their ears and eyes re-tested and one little boy will be sporting a new pair of eye glasses. We'd like to say thanks to Sue Bartlett, who has been our nurse for the past few years, thank you Sue for all your help.

Last week the Bethel staff visited

### TENTATIVE PLANS FOR REGISTERING 18-YEAR-OLDS AT TELSTAR FORMULATED

Pursuant to the suggestion of the S. A. D. 44 board of directors, Walter Cherry met with Messrs. Brian Flynn and Richard McCann at Telstar Regional High School to formulate a plan which it is hoped, will encourage 18 year old students to register and vote.

The three have agreed that the students themselves should manage the strictly non-partisan affair, with a minimum of assistance from outside their group. Mr. McCann will select five interested students to obtain registration and enrollment cards from each of the townships in the District. The same students will return completed cards to the respective Town Clerks.

According to Messrs. Flynn and McCann, all students have been taught the essentials of the American elective process, including the desirability of voting. However, one or two additional students will be selected to deliver a brief talk or talks on the merits and desirability of registering, enrolling and voting at the upcoming June 11 primaries. Interested parents will be invited to witness the affair.

The services of two Notaries Public have been obtained to complete the registration and enrollment process during free periods the remainder of the day.

If acceptable to the S. A. D. #44 Directors, the program will be carried out on Tuesday, May 28.

## Now, \$ Casco's New "Nestegg Savings" Option makes "Money-Manager" Even Better

"Money-Manager", the package money management plan from Casco, is already probably their single most successful combination of services. It gives you free checking with no minimum balance, an account for temporary savings and a loan account that lets you borrow at about half the cost of what many banks would charge.

When you add Casco's new "Nestegg Savings" option, "Money-Manager" becomes even more attractive than before. It allows you to finally build a more permanent savings nestegg, hopefully paying you more interest in the process, and guarantees to reduce even further "Money-Manager's" already amazingly low finance charge.

Come into any office of the bank that's always thinking and pick up a folder that gives you all the details. Find out if you qualify from an income and credit standpoint for Casco's new "Money-Manager plus Nestegg Savings". It could make a lot of sense for you.

We're always thinking...

### 150 YEAR OLD MAINE FARM

The setting sun over the mountain shines on your porch. The morning sun warms your back as you work the fertile land.

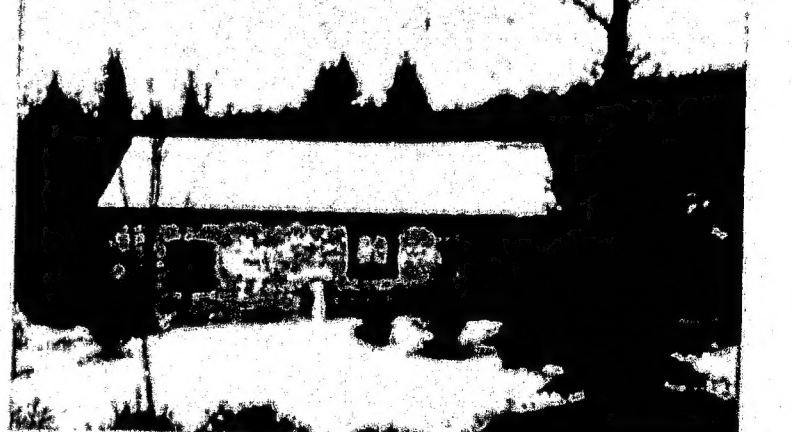

**THE HOMESTEAD WE CAN DESCRIBE.** The farm style home is 150 years old, has a large old fashioned kitchen and pantry, dining room, living room and small den on the first floor. Upstairs there are three bedrooms. No bathroom at present but an abundant supply of gravity fed water from your well on the hill above the house. It's heated as Grandfather did with wood stoves. However, central heat would be installed with ease since there's a nice cellar . . . also a wood shed attached.

**THE BARN WE CAN DESCRIBE.** It's large and in need of only minor repairs.

**THE LAND WE CAN DESCRIBE.** There's about five acres of mostly rolling fields . . . all at the end of a good year round dirt road.

**THE VIEW ON THE OTHER HAND** of rolling country side and distant mountains is beyond description . . .

COME SEE IT. **\$25,000**

**SPORTSMAN'S CABIN**  
Located in Upton . . . the heart of the hunting and fishing country. Furnished, electrically, water, year round road. This three room cabin is budget priced. **\$6,000**

Well, another two weeks has gone by, where does the time go. Maybe it's because we've all been so busy. We've had a lot of field trips and are planning a few more.

Last week we went on a picnic to Lynda Haegle's in Newry and had a cook out. Thank you Lynda for having us.

We went to the Bumpus mine in Albany and everyone brought back some pretty rocks. Special thanks to Bunny Kimball for taking us.

We are planning a trip to Perham's in West Paris so the children can see what some stones look like after they leave the mines.

Some of the children have had their ears and eyes re-tested and one little boy will be sporting a new pair of eye glasses. We'd like to say thanks to Sue Bartlett, who has been our nurse for the past few years, thank you Sue for all your help.
